NOVEMBER 24, 2020 | 1 PM MST

At the Ranch in Hyattville, WY

100 STOUT ANGUS YEARLING BULLS
18 YEARLING SIMANGUS BULLS

WELCOME

PAINT ROCK ANGUS
"THE BRAND OF QUALITY"

Welcome to the Paint Rock Angus Fall Bull Sale!

Once again, it's a pleasure to work with the entire Mercer crew on their annual fall production sale.

This is one of the hardest working purebred outfits in the land. Dedicated to ranching for a living, the Mercer family pours their heart and soul into the cattle business. PRA believes they have an obligation to the commercial ranchers who trust PRA genetics to create a stronger bottom line. Those cattlemen have been rewarded with cattle that have longevity, performance and females that thrive in the rugged environment that surrounds Hyattville, Wyoming. Sale after Sale you see repeat customers sitting on the seats proving that the PRA program is right for the times.

There is a passion for genetics at PRA, a constant search for bulls that produce progeny that excel in this country and at their summer elevation. Much has been written about PAP testing in recent years but the reality is, there is no substitute for a cow herd that makes its living at elevation! In this arena knowledge is key and I'd say with 30 years of PAP data (give or take a year or two) PRA has a whole lot of knowledge on the subject.

This is a working man's cowherd! The performers stick around, those that are non-performers must find other employment. If a good cow and a poor cow eat the same amount why waste your time with the latter? A strict culling practice erases a lot of inefficiencies.

The Mercer family is very excited about this set of calves that will be paraded in front of the buying public on November 24, and well they should be. This is one of their strongest offerings to date. Many thanks to Brian and Audrey Pryor for all their hard work and dedication to the PRA Brand.

If I can be of any help as you prepare for this event please don't hesitate to call.

RON FRYE | MARKETING

Welcome to our annual fall production sale! What can we say about 2020 that hasn't already been said other than it's almost over! Through all of this craziness that we have seen this year I know it hasn't really changed most of the agriculture world, we still get up every morning and continue striving to produce the highest quality product for our consumer; we are the "Essential Workers" of the World!

Even through the Covid shutdowns, drought and grasshoppers, we have a stout set of yearling bulls that will be ready to go to work this spring. In this lineup you will see a lot of Paintrock Trapper influence; sixteen sons, three grandsons and a handful of calves out of Trapper daughters. Trapper's numbers and performance just keep filtering to the top! In the Genex's fall Beef Genetic Management Guide Trapper was touted for his PAP score of 40 at 7280' at age 4! He also ranks 96PregCheck™87% Rel!

Another set of bulls that will definitely catch your eye are the stout set out of the PRA Motive 501 bull! This bull has also risen to the top here at the Paint Rock! His first daughters are well into production. They have nice udders, good disposition and hold their flesh well. Motive's ability to sire feminine heifers and stout bulls that both rise to the top of the herd is a rare trait to find in a sire.

This year we decided to try a new breed to offer another avenue for cattlemen that are interested. We took an elite set of commercial Angus females and bred them to three different Simmental bulls. W/C Bullseye 3064A, CCR Cowboy Cut 50482 (2019 top registration bull in the Simmental breed) and HTP SVF In Dew Time to produce some excellent Simangus bulls! These calves, as you will see, are stout, good footed, thick made high quality Simangus bulls.

As for sale day...If you attended the spring sale you were disappointed in the well-known signature Paint Rock Angus sale day feed! This fall there WILL BE FRYBREAD!!! We will be serving lunch as normal again! We will also have the coffee on and ready to show bulls to anyone who stops by any day from now until sale day!

We thank all of you for your friendship and support of our program over the years! We look forward to seeing you all on sale day!

Thanks,
The Paint Rock Angus Crew

Lathan, Audrey, Brian, Kasey & Kale Pryor

SALE DAY SCHEDULE
9:00 AM ..... Cattle available for inspection
11:30 AM ..... Complimentary Lunch Served
1:00 PM ..... Sale begins

ACCOMMODATIONS
Days Inn by Wyndham in Worland 307-347-4251
Greybull Motel 307-765-2628
Antler Motel in Greybull 307-765-4404
Carter Inn in Ten Sleep 307-366-9911

SALE ORDER
Cattle will sell in catalog order.

HERD HEALTH
All bulls have been fertility inspected by a licensed veterinarian
All bulls have been BVD tested and are negative
All bulls have been P.A.P. tested
All bulls will have all health requirements needed to travel.

VACCINATION PROGRAM
Fall: In Force, Vision 7 w/somnus Titanium 5 PHM & SolidBac Pinkeye
Spring: In Force Vision 7, Pyramid 5+prsoponce & Solidbac Pinkeye

RETAINED INTEREST
Paint Rock Angus Ranch retains 1/3 revenue sharing interests in each bull selling. Buyer has 100% possession and 100% salvage value.

DELIVERY
Free delivery on bulls to adjoining states.

WINTERING
Free wintering on all bulls until Spring delivery.

GUARANTEE
All bulls will be covered 50% by Paint Rock Angus Ranch if they are injured during their first breeding season and unable to return to service during that first breeding season. Breeding season is defined as the 90-day period following the first turnout of the bulls. If a replacement bull is available, he will be provided, or if a buyer prefers credit towards a bull in the following year's sale, 50% of the value of the injured bull, minus one-half salvage value will be given as credit. All injured bulls must be diagnosed by a veterinarian. Please notify us as soon as possible should injury occur and prior to the injured bull being sold for salvage. All claims must be made by September 1, 2021.

TERMS & CONDITIONS
This sale is being conducted under the suggested terms and conditions adopted by the American Angus Association effective March 16, 1992.

NORTHERN LIVESTOCK VIDEO AUCTION

BID ONLINE or by PHONE

ALL INTERNET & PHONE BUYERS MUST PRE-REGISTER BEFORE THE SALE

Please pre-register before the sale with Northern Livestock Video Auction to receive your buyers number to bid on the Internet or by phone. **To register with NLVA call, 1-866-616-5035 BEFORE SALE DAY**

View the online catalog at **www.northernlivestockvideo.com**

For complete information on available bidding options please read page five.

Cattle are available for inspection at the ranch anytime!

SALE INFORMATION

In Memory of Katherine Brewster "Kathy"
Nov. 6, 1929 ~ Feb 7, 2020

Kathy was a longtime friend, neighbor and bull customer! Kathy was also one of the Fry Bread Queens! She will be missed by all!

Bid through Northern Livestock Video Auction's NEW Online Bidding Platform!

DESKTOP AND MOBILE FRIENDLY

FOR DESKTOP:

1. It is best to use the Google Chrome web browser.
2. Pre-Register at least one day prior to the sale.
3. Go to bid.northernlivestockvideo.com and click "Get Approved to Bid".
4. Doing this will prompt you to create an account, after which you will fill out a bidder approval application
5. Once Approved, an email will be sent to the email account provided, please click the link in that email to activate your account and a buyer number will be provided.
6. On sale day (after approval), visit www.northernlivestockvideo.com to view and bid!

FOR MOBILE:
Use your mobile devise to download the Northern App and follow the above steps to get approved. There is an instructional video on how to register to bid on our website, www.northernlivestockvideo.com if you have any questions.

For technical assistance with Internet Viewing and Bidding Questions, call Sam Fraser 406-860-0590.

PHONE BIDDING:
Anyone wanting to use the Northern Livestock phone bank to bid must pre-register and have a bid number to bid on the phone.

To register with NLVA call 866-616-5035 Before Sale Day.

View the Online CATALOG and VIDEO CLIP of each BULL selling at www.northernlivestockvideo.com

Bidders who are successful in making purchases will be contacted following the sale to make payment and delivery arrangements.

Northern Livestock's Sale Day Bid Line: 1-406-245-0889.

PEN INFORMATION

Bulls will sell in catalog order. On sale day bulls will be sorted into pens of 5-7 head for easier viewing. This year there will be 19 pens with 3 of them being the SimAngus bulls. Pens are as follows:

ANGUS BULLS		SIMANGUS BULLS
Pen 1: Lots 1-6	Pen 9: Lots 57-62	Pen 17: Lots 19, 20, 33, 34, 41, 42

Quick Reference to American Simmental Association EPDs and $ Indexes

Expected Progeny Differences (EPDs): EPDs are the most accurate and effective tool available for comparing genetic levels. In using EPDs, the difference between two sires' EPDs represents the unit difference expected in the performance of their progeny. For example, if sires A and B have EPDs of +10 and –5, a 15 unit difference would be expected in their progeny (moving from -5 to +10 yields 15 units). Key to using EPDs is knowing what units they are expressed in. For example, if the above case referred to weaning weight EPDs, A would be expected to sire 15-pounds more weaning weight than B. If calving ease were the trait, A would be expected to sire 15-percent more unassisted births in first-calf heifers; in other words, if B sired 30 assists in a group of 100 heifers, we'd expect A to require 15 assists. A percentile-ranking chart is required to determine where a bull's EPDs rank him relative to other bulls in the breed. For percentile rankings or more detailed information about EPDs and $ indexes visit www.simmental.org. Listed below are the units ASA EPDs are expressed in:

All-Purpose Index (API): Dollars per cow exposed under an all-purpose-sire scenario (See below for more details.)
Back Fat (BF): Inches of backfat.
Birth Weight (BW): Pounds of birth weight.
Calving Ease (CE): Percent of unassisted births when used on heifers.
Carcass Weight (CW): Pounds of carcass weight.
Maternal Calving Ease (MCE): Percent of unassisted births in first-calving daughters.
Milk (MLK): Pounds of weaning weight due to milk.
Marbling (MRB): Marbling score.
Maternal Weaning Weight (MWW): Pounds of weaning weight due to milk and growth.
Ribeye Area (REA): Square inches of ribeye.
Warner-Bratzler Shear Force (WBSF): Pounds of force required to shear a steak.
Stayability (STAY): Percent of daughters remaining in the cowherd at 6 years of age.
Terminal Index (TI): Dollars per cow exposed under a terminal-sire scenario (See below for more details.)
Weaning Weight (WW): Pounds of weaning weight.
Yearling Weight (YW): Pounds of yearling weight.
Yield Grade (YG): Yield grade score.

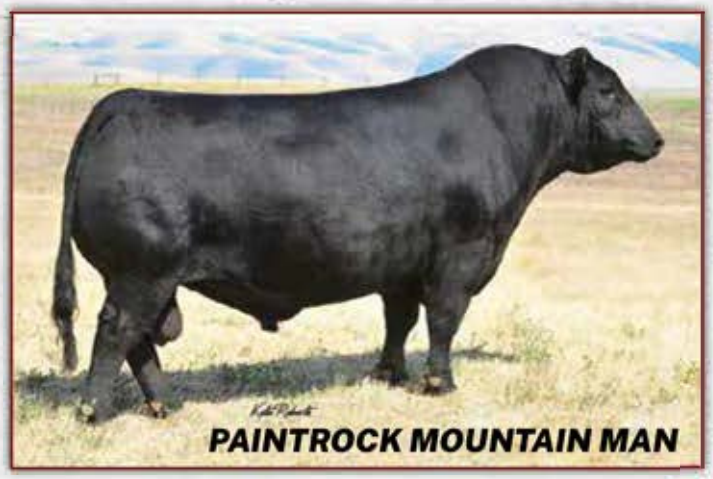

$ Indexes: Though EPDs allow for the comparison of genetic levels for many economically important traits, they only provide a piece of the economic puzzle. That's where $ indexes come in. Through well-conceived, rigorous mathematical computation, $ indexes blend EPDs and economics to estimate an animal's overall impact on your bottom line. The same technology that led to the dramatic progress in swine, poultry and dairy genetics over the last several decades was used to develop the following $ indexes:

All-Purpose Index (API): Evaluates sires for use on the entire cowherd (bred to both Angus first-calf heifers and mature cows) with the portion of their daughters required to maintain herd size retained and the remaining heifers and steers put on feed and sold grade and yield.
Terminal Index (TI): Evaluates sire for use on mature Angus cows with all offspring put on feed and sold grade and yield.
Using API and TI: First, determine which index to use; if You're keeping replacements use API, if not, TI. Then, just as with EPDs, zero in on the unit difference between bulls. (As described above, index units are in dollars per cow exposed.) The difference can be used to determine how much a bull is worth compared to another. Or, put another way, how much you can pay for one bull compared to another. For example, when buying an all-purpose-type sire, you can quickly figure a bull scoring +100 for API is worth an extra $6,000 over a +50 bull if both are exposed to 30 cows over 4 years ($50 diff. x 30 hd. x 4 yr. = $6,000). A percentile-ranking chart is required to determine where a bull's index value ranks him relative to other bulls in the breed. For percentile rankings or more detailed information about EPDs and $ indexes visit www.simmental.org.
